

Marchant-Holliday School Home Learning Resource Guide – Summer 2020

Links in bold are particularly recommended

Pupils at the Marchant-Holliday School are working on their own individual programmes in Maths and English. Pupil reports from December will provide guidance on your child's current attainment level. For example, if they are between 1.1 and 2.3 then please select KS1 (age 5-7) as these activities will be suitable for their ability rather than their age. If they are between 3.1 and 6.3, they are accessing the KS2 curriculum (age 7-11). For our Year 7 pupils, working at 7.1 or above, please select activities for KS3. It is very common for our pupils to have science; geography and history abilities in-line with age related expectations. Reading and Writing may be slightly below age related expectation so it may be helpful if you could read the instructions during tasks and then help them write their answers to questions.

- **EYFS means year R (or Reception)**
- **KS1 means years 1-2**
- **KS2 means years 3-6**
- **KS3 means years 7-9**
- **Sometimes KS2 is subdivided into LKS2 (Years 3 and 4) and UKS2 (Years 5 and 6)**
